The Parkinson Association of Central Florida was founded in 2012 by a grass roots effort of people who wanted to do something for their loved ones. It has grown to what it is today with the help of a dedicated team who has worked to expand our outreach while strengthening programs and services.

PACF is a 501c3 nonprofit, funded through donor support. Your tax deductible gift helps us to provide information, education, promote support and exercise groups, and raise awareness of this disorder. As an independent organization, your donations stay here in our local community.

DON'T MISS OUT! SCENES FROM 2022
